

CDBG* HOW TO APPLY WORKSHOPS

***COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM**

The 2010/11 CDBG How To Apply Workshops will be held at the times and places listed below. Because of unforeseen circumstances last year, that prevented the project from being applied for, the Rating and Ranking Board has determined that the replacement of the Emery County Food Bank must be the highest ranked community development project again this year. However, all District entities are encouraged to attend these workshops and consider completing an application should funding levels be such that more than one project can be funded.

✎ Attendance at one of these workshops is mandatory for any entity to submit an application of its own, or sponsor an application for a sub-recipient (nonprofit agencies, housing authorities, special service districts, etc.).

✎ Non-profits agencies, housing authorities, special service districts and other sub-recipients cannot apply directly but must be sponsored by their city or county (which depends on what area the project will cover or serve).

✎ Attending the How To Apply Workshops also presents an opportunity for potential applicants to learn about the program and how to develop prioritized project lists for future funding cycles.

✎ The Rating and Ranking policies for the 2010-2011 funding cycle can be downloaded from:
